

***Mt Hope Road will be closed to through traffic during much of the construction period. The closures will be executed in 3 phases:***

**Phase 1 - Between Farm Lane and Hagadorn Road**

***(Mt Hope Road will be open to through traffic between Farm Lane and Hagadorn Road on MSU home football game Saturdays.)***

**Phase 2 - Between Hagadorn Road and Comanche Drive**

**Phase 3 - Between Comanche Drive and Okemos Road**

There will be a posted detour, along Okemos, Jolly, and Hagadorn Roads for phases 2 and 3. The detour will be Farm Lane to Service Road to Hagadorn Road for phase 1. Motorists are welcome to travel on any public road in addition to the posted detour, such as Bennett Road or Grand River Avenue (M-43), as well.

The phase 2 and 3 closures will last for several weeks, as there is significant underground work, particularly west of Comanche Drive. The exact dates of the closures will be set by the Contractor. They will be providing a preliminary schedule at the preconstruction meeting. The preliminary construction schedule will be posted on the website, when available.
