

INGHAM COUNTY ROAD COMMISSION

“CULVERT INSTALLATION”

AMOUNT PAID: _____ APPLICATION#: _____

DATE PAID: _____ CULVERT SIZE: _____

DATE INSTALLED/BY: _____

STOCK NO. AND DATE: _____

1. Payment for a standard drive culvert is \$363.00 and must be paid in advance to: Ingham County Road Commission, 301 Bush Street, P.O. Box 38, Mason, Michigan 48854. The drive culvert must be a corrugated metal pipe, 12" in diameter and 24' in length.
2. Installation of a standard drive culvert includes the placing of the culvert and approximately 8 cubic yards of gravel. Additional fill or gravel, if required, must be furnished by the owner/contractor.
3. The size of culvert required will be determined and approved through the Permit Department. Where other than a standard size culvert is needed, the owner/contractor will be notified.
4. The owner/contractor must STAKE the exact location of the proposed culvert location by placing two stakes 24' apart in the ditch line. A description of the location must be included. (Distance from the nearest street or road, which side of road, house number, or other description).
